Subject: RE: 113 18th St SE

Good Morning Mr. Meekins,

Here is some materials on the definitions regarding a Raze and a Raze Permit that we discussed:

According to the D.C. Building Code 12 DCMR A202 the definition of a Raze is as follows:

RAZE. The complete removal of any existing structure, with or without the removal of party walls and below grade portions of a structure.

I hope this information is helpful.
